Main Advantages of Master Mentor

For Employees – Personal Life

- **Energy & enthusiasm** – sense of aliveness.
- Boost to life vitality – relationships, parenting, nutrition, sports, music, even the morning shower.

For the Organization – Immediate Results

- Within 1–2 weeks: different organizational language – enthusiasm, awareness, performance uplift.
- Within 1–3 months: visible **growth of 20–25%**.

For Employee Learning

- **4 × 15 minutes daily thinking** → becomes a habit.
- Personalized knowledge, menus, bookmarks – delivered smartly and engagingly.

For Employee Energy

- Calmness, proportion, reduced stress.
- Stronger engagement – sense of mission, pride, meaning.
- Sharp decline in complaints/negativity.
- Significant rise in self-ignition ability – employees “switch themselves on” up to 10 times a day.
- More encouragement, support, teamwork motivation.

For Innovation & Professionalism

- More ideas per week – stronger culture of innovation.
- Professionalism: employees operate with do's/don'ts, checklists, structured responses.

Entering the World of AI

- Employees learn to ask the right questions and get spot-on answers, with reinforcement at personal, family, and professional levels.

Learning System – The Knowledge Box

- Building a **living, dynamic organizational knowledge box** that collects insights from the system, employees, and the external world.

Preparation for the Agent Era

- Developing process thinking, automation, and control.
- Preparing the organization for managing and developing AI agents in the future.

Automations

- From management down to every employee – daily goal deployment and monitoring.
- 90% of tasks executed by role with checklists → significant performance improvement.

Easy Implementation

- **Ready to use** – simple, light, daily companion product.
- Comes with service and training bots guiding users.
- Can start as a standalone system – no IT integration needed.

Pricing

- **30 NIS per employee per month.**
- ROI = fast, tangible, and **insane**.
-

👉 This is the future. This is progress.

Be open! Try it now – risk-free. If it doesn't fit, step back after 2 weeks or a month.

Best regards,

Eran Shahar
